Rise of the Foederati Free Download is a 5th century tactical sandbox strategy/RPG set during the Migration Period. The game sets itself in a historical time of the future, in the lands of the ancient Roman Empire. The time was inhabited by tribes that were not united into one single dominion. The collapse of the Roman Empire affected the tribes of the period, and they formed new states. The game is about two tribes being at war with each other. The leader of each tribe sets out on a quest to bring glory to his tribe, subjugate the enemy and free his home from foreign rule. The game is fundamentally centered on tactics, but it is also intended to provide a realistic experience. Highlights: Real time strategy with turn-based combat. Your actions make a mark in the world! Develop your warriors as you wage war with enemy forces. Hundreds of players are present at the same time in Rise. Your movements and battles are present in real-time; there are no instances in the world. Short Length: Develop your warriors as you wage war with enemy forces. It's the year 63 A.D., and the Roman Empire is on the brink of collapse, as warring factions of Caledonia, Pictavia, and of course, Britannia vie for control of the empire. Now, you have been selected to lead a unit of Caledonian troops into open hostilities against the powerful Britannian forces led by the ruthless warlord named Vergil. With plenty of strategic options on your side, as well as a massive selection of troops and vehicles at your disposal, the only question is, what will you do with them? The only thing to do is rise to the occasion and lead a tactical army into battle. Rise to the top of the battlefield and win the glory, honor, and respect of a thousand. Also, the first person combat in this game is a lot of fun, so it's a perfect time killer. Build your war machine and launch your attack on the empire in Rise of the
